TO All INTERESTED PARTIES

A Study for establishment of Airport Surveillance Radar (ASR-11), Aeronautical Study Number 04-AEA-0135-NR, Clarksburg, West Virginia.

PROPOSAL: A Study to construct an Airport Surveillance Radar, ASR-11 at the Clarksburg Regional Airport, Clarksburg, West Virginia. This is known locally as Site # 8, located 2 miles east of the airport.

This structure does exceed airport obstruction standards. Obstruction marking and lighting are required. This site does not exceed any existing instrument minima, or any plans on file for future instrument operations.

The Federal Aviation Administration, Eastern Region proposes to establish a permanent RADAR site for the ASR-11.

PROPONENT: Federal Aviation Administration
Operations Branch, AEA-470
Attn: Mr. Nelson Knox
1 Aviation Plaza
Jamaica, New York 11434

LOCATION: East of Clarksburg Regional Airport, Clarksburg, West Virginia. This site is 10,750 feet southeast of the threshold area of Runway 21.

Site: Proposed at 80 feet above ground, and 1750 feet AMSL.

Site coordinates:

Latitude: 39°- 17' – 45.70" NAD 83
Longitude: 080°- 11' –14.00"

The FAA wishes to give all parties likely to be affected by this proposal the opportunity to submit written comments. The issuance of this non-rule circular does not represent a FAA position or otherwise commit the FAA on the merits of this proposal.

The purpose of this circular is to gather public aeronautical comment and opinion on the proposal, before a FAA decision is made on the safe and efficient use of airspace by aircraft.

Any comments should be made in writing and based on aeronautical fact.

Comments should be submitted no later than ___15 November 2004___, and must be directed to:

Diane Crean, Manager
Airspace Branch, AEA-520
Non Rule Case No. 04-AEA-0135-NR
